High School Plans For Homecoming On October 29

Night Parade Arranged and Dance to Follow the Football Game

Plans are nearing completion for the annual Homecoming of Antioch Township High school next Friday. Changes made over programs of previous years call for a Thursday night parade and bonfire rather than an afternoon event.

Social, civic and patriotic organizations of both men and women are all invited by the students and school authorities to enter floats in the parade which will start at 7:30 o'clock at the school grounds.

The parade headed by the high school band will move down Main street to the business section and return to the campus where the students will have their bonfire and snake dance. The parade may be viewed under the lights of the business section or under the lights of the football field.

The football game with Barrington will be played at 7:30 Friday evening. A Homecoming queen will be selected and will be crowned at the dance which will follow the game.

Alumni and friends of the school are invited to the dance for which a Waukegan orchestra has been selected to furnish the music.

Antioch Theatre-News Plan Halloween Party For School Children

Parade at 6:30 p. m. Friday Next Week from School to Theatre

The Antioch News and the Antioch theatre again will sponsor a Halloween party for the school children and pre-school children of Antioch and immediate vicinity on the evening of Friday, Oct. 29.

Richard Whitacre, principal of the Antioch school, will have charge of the parade which will form at the grade school grounds and move at 6:30 p. m. down Main street to the Antioch theatre on Lake street.

Howard Gaston, president of the News and Fred Swanson, owner of the theatre, announced that they will give prizes for the best costume for both boys and girls in each grade. The prizes will be presented on the stage of the theatre.

The show for that night will be "Arthur Takes Over," a picture that the youngsters will enjoy.

Mrs. Mary R. Williams Of Bristol Dies After Long Illness in Hospital

Funeral services for Mrs. Mary R. Williams of Bristol, 86, who died at the Kenosha hospital Sunday evening following a long illness, were held at 2 p. m. yesterday at the Bristol Methodist church. Burial was in Hosmer cemetery.

Mrs. Williams was born in Pikeville, Bristol township, on Jan. 30, 1862, the daughter of the late Mr. and Mrs. John P. Lane. She received her education in Bristol, where she spent her lifetime.

On Oct. 19, 1882, she married E. Williams. She was a member and active worker of the Bristol Methodist church for many years. Mrs. Williams was also a member of the Woman's Society of Christian Service of the church and active in Red Cross work during World War I. She is survived by one son and one daughter, Wesley T. Williams, of Bristol, and Mrs. Fred W. Mordock, of Kenosha, five grandchildren and four great-grandchildren. Her husband preceded her in death on May 26, 1929. Four brothers and two sisters also preceded her in death.

Christophersens Have Baby
A boy baby weighing 9½ pounds born Oct. 12 to Mr. and Mrs. Elmer Christophersen of Felter's subdivision at the Women's and Children's hospital, Chicago, has been named Keith Alan. The mother and baby, both getting along exceedingly well, were brought home Tuesday.

A&P Open House Tonight at 7:30 Will Attract Large Crowd

A preview of the new store and its stock will be given the people of this area by the Atlantic and Pacific Tea Co. in an open house at 7:30 this evening in the new building on Lake street.

Earl Gibbs, manager, said that J. P. Smith, vice president of the Middle Western division of the company; R. W. Buddington, general superintendent; and W. H. Mackey, district supervisor will be present. Musical entertainment and refreshments will be provided the guests.

The store will be opened for business tomorrow morning and the Main st. store will be closed. The new store has all new stock and fixtures.

Antioch Builders Won From Waukegan Sunday; Pagels Lead Taverns

The Antioch Builders match team won over the Waukegan Monograms last Sunday night at the home alleys. The scores by games: Antioch—880-815-1067-2762; Waukegan—956-882-874-2732.

Going into the last game, the Builders team was behind by 143 pins. By coming through with a 1067 game, powered by Kania's 225 count, Antioch nosed out the Waukegan "five by 30 pins."

High on the Builders team were E. Kania, with 620, and E. Hallways with 613. The Monogram best series were L. Ogrin, 554, and Helixon, 586.

Pagels Lead Taverns
Thor's Club Villa, already established as one of the county's best, continued to make things interesting in the Tavern league. On Oct. 4 it was high team with a total of 2,564 pins on sets of 863-876-821.

John Russo was high man bowling 228-158-176 for a total of 562. His first game was also high. W. Opal of Pagels' tavern was second high with 223, and his team rolled high single game for the night with 906. Pagels is in first place, however, having won two games from Ehrhardt's Resort for 10 victories and two losses.

Ladies' Major League
Bussie's Bar was high team for the night in the Ladies' Major league, with games of 740-757-750.

2247. L. Fernandez was high individual scorer with games of 142-162-214-518. K. Keulman with 512 was second high individual. L. Fernandez' 224 game was high game, and K. Keulman's 185 was second high.

Ladies' Handicap League
Slide Inn won two games from Bud's tavern going into first place with 10 victories and 2 losses. Meh-ring's Resort is second with 9-3. Bud's Tavern and Antioch News are tied for third place with 8-4.

Cox's Corners on 2,549 was high team for the night. The games were 823-871-855. Kaye Keulman bowling 150-214-162-562 was high individual scorer, while Charlotte Skalak with a 495 score was second. Kaye's 214 game was high individual while Louise Fernandez' 212 was second. (See Ladies' Major league).

Thursday Business Men
J. Waldweiller's 212-190-192 games for a total of 594 gave him individual honors and his team, Keulman Bros., two victories and a total of 2,586 for the evening. C. King's 586 was second high. Waldweiller's 212 game was high and E. Walters' 204, second high.

Men's Major League
Lindy's Soda Bar won two games from Antioch Lumber Co. Bremer was high for Lindy's with a 571 and Zizzy for Antioch Lumber with 564.

Joe and Helen won two games from Bussie's Bar. Kebar with 583 was high for Joe and Helen's and Linder for Bussie's with a 559. Antioch Builders won two games from Gus and Betty's. Highs were Kania's 590 for Builders and Horan's 572 for Gus and Betty.

Eric Faust Stationed At Fort Sill, Oklahoma

Fort Sill, Okla., Oct. 11—Recruit Eric Faust, son of Mr. and Mrs. Eric Faust, Sr., Highway 59, Lake Villa Ill., recently enlisted in the regular army and is undergoing training at Fort Sill's Training Battalion.

Recruit Faust is one of many teenagers who have taken advantage of the one year voluntary enlistment period in the army. While at the National Artillery Center he will receive training which will prepare him for an assignment to one of the units stationed within the continental limits of the United States.

Prior to his enlistment Rct. Faust attended Antioch Township high school.

Legion Auxiliary Will Attend Caravan Meeting In North Chicago Nov. 3

The American Legion Auxiliary caravan will assemble at the Legion home in North Chicago Wednesday, Nov. 3, with Antioch representatives attending.

The morning session will begin at 9:30 and Mrs. Walter Hoffman, department president, will have charge.

Delegates to the meeting are Lillian Hand, Mary Ellis, Florence Knickelbein, Clara Horton and Maud Johnson. The alternates are Jane Thiemann, Myrtle Klass, Ellen Swensen, Agnes Hills and Vene Cermak.

A blue citation ribbon has been received by the auxiliary for having its flags in the parade on Doug Getchell Day at Grayslake.

The auxiliary is asking for discarded metal spectacle frames and wants them left at the Antioch News office.

Increased strength for a program of greater service in the work of the American Legion will be sought by Antioch unit, Auxiliary, in a membership campaign directed by Mrs. Floyd Horton, membership chairman. Said she:

"At this critical time every eligible woman should be in the Auxiliary where she can help the men of the American Legion in their great work for the veterans and for the nation. We want to see our country go forward in peace, secure from the threat of Communism."

"We want to see every veteran and family receive adequate aid in time of need. Individually we can do little, but united in the American Legion auxiliary we can exert a powerful influence toward these ends," she said.

Mrs. Carolyn Horan, tenth district director, installed the new officers at the Baxter Evans unit in Waukegan. She was accompanied by Mrs. Lucy Himens, president of Antioch unit who acted as installing sergeant-at-arms.

Kick-off Banquet Held by Methodist Youth Groups; Seniors Go to Woodstock

A gala kick-off banquet for the three Methodist Youth Fellowship groups was held in the church Sunday evening. A group of 65 youths heard the Rev. Paul Grimes of the West Ridge Community church speak. The young people, ranging from the sixth grade to high school graduates enjoyed community singing and games.

The three groups, Intermediate (6th, 7th, and 8th grades), Senior M. Y. F. (1st and 2nd year of high school) and Young People's (Juniors, Seniors and above) will meet each Sunday at the church. The Intermediate adviser will be Miss Carol Bean, the Senior, Mr. and Mrs. Luster Badger, and the Young People's, Miss Betty Lu Williams.

The Senior and Young People's M. Y. F. will go to Woodstock next Sunday to attend a district M. Y. F. rally and picnic.

Antioch High Juniors To Present "Stranger in the Night" Nov. 18 and 19

"Stranger in the Night," a mystery comedy by Paul S. McCoy has been chosen for the Junior class play of the Antioch Township High school.

It will be presented in the school auditorium on Thursday and Friday nights, Nov. 18 and 19.

"Stranger in the Night" is a royalty play published by the Heuer Publishing Co., at Cedar Rapids, Ia. As a mystery-comedy, it is sensationally funny, yet at times keeps the audience tense with suspense.

The cast has been carefully selected by Miss Jeanette Darrough, director, who says that each student is displaying excellent talent in the part for which he or she has been selected. The cast will be announced later.

Patricia Clafford Will Review Book for Guild

Patricia Clafford, Chicago, will review the book, "The Cleft Rock," by Alice Tisdale Hobart at the Episcopal Guild hall at 2 p. m. Wednesday, Nov. 3.

Mrs. Clafford's appearance is sponsored by the guild which is charging an admission and will serve refreshments to the guests. In her previous appearances here Mrs. Clafford has pleased her audience.

Village Share of Utility Tax Will Not Be Large President Bartlett Says

President George B. Bartlett said he did not know how much the village would be expected to get from the three per cent utilities tax should the next legislature transfer that money from the state to the cities. It will not be large, however, he said.

Recommendation was made to Gov. Green and accepted by him at the annual meeting of the Illinois Municipal league which was attended by President Bartlett and members of the Antioch board of trustees.

President Bartlett said the Antioch group was in the midst of Democratic activities at the Nicholas hotel where they roomed. A meeting of Democratic women was in progress on their floor when they arrived and later President Harry Truman and his party arrived. He estimated a crowd of 15,000 persons were in the area of the hotel to greet Truman and the other members of the Antioch group were close to the president at the time news photographers took his picture.

Grade School PTA Meets, Hears Program, Plans for Card Party on October 23

The Antioch Grade School P. T. A. met Monday, Oct. 18, at 8 o'clock p. m. at the Antioch Grade school.

Miss Jeanne Hughes played several numbers on her accordion. Great talent was shown.

Mrs. William Petty, the speaker of the evening, gave a very interesting review on the children's and adults' books from our own library. Mrs. Gus Mantis, first grade room mother, assisted by Mrs. Barnstable, served delicious refreshments. The P. T. A. card party was discussed. It will be held Oct. 23. Mrs. Barnstable is chairman.

Birthday Party Planned
The regular meeting of Antioch Assembly No. 23 Order of Rainbow for Girls was held Oct. 11. It was decided to have a pot luck supper at the next meeting, Oct. 25, to celebrate the birthday of the establishing of Rainbow in Antioch.

Funeral at 2 p. m. Tomorrow In the People's Church At Chicago

Antioch was shocked Tuesday by word of the death of Charles K. Anderson, 81, local banker, industrialist, and philanthropist.

He died on a train en route from New York City to Charleston, W. Va., while on a tour of the plants of the National Standard Co., manufacturers of automobile accessories, with other directors of the firm. He expected to spend a few days in Charleston with acquaintances.

When Mr. Anderson did not leave the train with other passengers at 9 a. m. at Charleston a porter investigated and found him lifeless in his own berth. Death apparently was due to a heart attack and the end came quickly and quietly.

The body was taken to the Lain and Sons funeral chapel, 5501 N. Ashland ave., Chicago.

Word of the passing of "C. K." brought sadness to Antioch residents, most of whom were friends, because of his widespread business, political and social activity in the community during the past thirty years. No worthwhile project of the community was without his support during the years and the people of Antioch have sustained a very real loss.

At the Scout House on N. Main street which he recently donated the flag flies at half staff, emblematic of the sorrow of the entire community.

Born in Sweden, Feb. 25, 1867, Mr. Anderson came to the United States with his parents when he was but three years old. The family settled on a farm at New Carlisle, Ind., where he received his common school education.

Came to Chicago in 1903
As a young man he moved to Chicago where he organized the National Standard Co. in 1903 and became the president of the American Wire Cloth Co.

He established his home in 1920 at a point where Channel lake and Lake Catherine meet and named it Andvillia. It was there that he and Mrs. Anderson entertained splendidly and often.

Mr. Anderson founded the First National Bank of Antioch in 1925 and served as its president. He also headed the C. K. Anderson Realty Co. in Chicago.

Active in political and civic affairs he served as a member of the Lake County Republican Central committee and as a director of the non-partisan Lake county Civic league.

Always interested in youth Mr. Anderson was a benefactor of the (Continued on page 7)

Grant-Antioch, Rivals, To Battle Tomorrow in Annual Gridiron Tilt

Probably the largest football crowd of the year here will see Antioch Township High play its rival, Grant Township High here tomorrow evening.

With the return of Wilton, tackle, and Scott, line man, after a siege of mumps, Coach Maurice Krizan believes the team is now strengthened enough to win.

One bad mistake cost the Sequoits their victory over Northbrook there last week. Northbrook won 13 to 7, scoring 7 points in the first quarter and six in the second. Thereafter Antioch buckled down and played the better game, scoring in the final quarter.

The mistake that lost the game was the belief of the Sequoit secondary that the Northbrook man carrying the ball had been tackled when he had not. The result was that a 40-yard pass was made to an ungarded receiver in the end zone.

The underclassmen got revenge, however, Tuesday evening, defeating the Northbrook sophomore-freshman team here 13 to 0.

Grant and Bensenville tied 7 to 7 in the Homecoming game at Ingleside Saturday evening. There was a large crowd and the homecoming program was a success. Grant was scheduled to best Bensenville and their failure was disappointing. The conference standing is:

Wisconsin Has Poor Duck Hunting Season; Illinois To Be Better

Hunters are curious to know what kind of duck hunting is ahead for them when the season opens on Friday of next week.

Wisconsin with a season that opens earlier than that of Illinois is having a poor season and so far the kill averages about half a duck per hunter.

Frightened by the firing across the state line, the ducks are seeking safety in Illinois and mallards, pintails and teal already are coming into Grass Lake and other marshy waters. New flights of coot are arriving almost nightly.

A plentiful supply of pheasant and rabbits throughout Cook, Lake, McHenry, Will, Kane and DuPage counties is reported by conservation officers. Squirrel hunting has been only fair.

The Chicago office of the Illinois Department of Conservation believes that hunting prospects are brightest in years.

John Nekovar, 91, Father Of Mrs. Zalotoris Dies

John Nekovar, 1509 S. Tripp ave., Chicago, father of Mrs. Peter Zalatoris of Shady Nook, Lake Marie, died Oct. 12 after a short illness.

Cremation took place at the Bohemian National cemetery and the funeral service was held at the Noseck chapel, 1511 S. Pulaski rd.

Mr. Nekovar was 91 years and five months old. He came to the United States 56 years ago from Czechoslovakia and almost outlived all of his neighbors and friends.

He was the husband of Marie Nekovar and father of Rudolph and Frank Nekovar and Anna Zalatoris. Five grandchildren and four great-grandchildren survive.

V. F. W. PICNIC SUNDAY

With the weatherman promising good weather for the week-end, everything is in readiness for a rousing good time at the V. F. W. picnic Sunday, Oct. 24, to be held at Bess and Fred's, on the northeast shores of Lake Marie. Just put the family in the car; drive out Route 173 and follow the signs leading to a good time for one and all.

Tony Sciacero, chairman of the picnic committee, has arranged for games for all, young and old alike. Beer, pop, and sandwiches also promise to be plentiful. Just as an added inducement there will be free pop for the children.

Coal Is a Competitive Fuel

A factual study of the economic position of the coal industry has this to say: "The high rate of output of bituminous coal which has prevailed during and since the war should not be allowed to obscure the very serious tendencies of rising costs. Rapidly rising wages are not the only consideration. High wages could be paid without lasting serious effects on labor costs, prices, markets and competitive position of the industry, if the man-hours required per ton were reduced rapidly enough. But this has not been the case." The study goes on to point out that costs must be reduced through better equipment and methods, with the emphasis on mechanization, and that this in turn is dependent on adequate earnings to finance improvements.

This is an economist's way of saying that high wages in the coal industry must eventually be offset by greater man-hour production in order to prevent coal from pricing itself out of the competitive market. And production can be increased by two methods only. One is by the use of more and better machinery—by more efficient tools. The other is greater effort on the part of the miners themselves.

It is certainly in the interest of the miners, as it is in the interest of the public, that coal production be made more efficient. They receive higher wages than any other comparable group and, save in time of strikes, steady employment is assured. This condition can be continued only if coal can keep its markets—both now, and on some future day when other fuels may be abundant and competition will get tougher. A healthy coal industry is a must for this country.

It's Been Tried Before

Some years ago Mary G. Lacy, an employee of the Department of Agriculture, wrote a little study called "Food control During Forty-six Centuries—A Contribution to the History of Price Fixing." It has recently been reprinted, and it should be required reading for anyone who still thinks that the government, by fiat, can successfully control the distribution of goods and the prices at which they are sold.

Attempts at food control are almost as old as history. It was tried in Egypt in 2800 B. C., and the end result was a system of land tenure under which the land became the personal property of the king.

It was tried in China and Athens and Rome. Much later on it was revived in England, Belgium and other countries, always with a singular lack of success. And, though few Americans know it, price-fixing was attempted in this country during the colonial era, and totally failed to remedy the problem it was supposed to cure.

As Miss Lacy sums the matter up, "The history of government limitation of price seems to teach one clear lesson: That in attempting to ease the burdens of the people in a time of high prices by artificially setting a limit to them, the people are not relieved but only exchange one set of ills for another which is greater."

When price control was tried four thousand years ago it led to a decline in production, to the withholding of goods from a market which was no longer profitable, and to a raging black market. It did exactly the same thing here when it was continued for a time after the last war. Only a free enterprise economy, in which manufacturers, farmers and retailers must compete for business, can produce in abundance. And only free competition, all the way from the source of raw materials to the stores in which finished goods are sold, can establish a price which is fair, and is based upon the going cost of doing business.

The Low Down on Hickory Grove

I am out today, folks, to alert a raft of good citizens on what to expect as the Govt., instead of just having a foot in the door of some business, gets all the way in, like Uncle Samuel almost is, right now, along the Columbia there in Oregon and Washington. Good citizens throughout the land who believe in private business versus the Govt. running same, are more or less sold on the idea of the Govt. running the power house.

Electric power is a technical subject. Few people feel like delving too deep, so they just take somebody's word for it. For these folks, here is what to do—it is simple—will take little effort—will upset nobody's tranquility and take much time from the ball game broadcasts or the soap-suds drama. Do this one thing—whether you are a milliner, or dentist, hardware salesman, barber, or what. Say to yourself, "Could the Govt. do my job better than I am doing it?"

Your answer will put you straight on the Govt. dams and powerhouses that are springing up across the nation. But do it—before the Govt. ambles over on your side of the street and starts trimming bonnets—putting in inlays—peddling hardware, etc. Amperes and volts are as complicated and maybe even more difficult to handle than putting a little flower on mama's chapeau. So look out folks—no telling who is the next victim.

Yours with the low down,

JO SERRA

Do you want to know how it feels to command the smoothest flow of power to be found on land, on sea, or in air?

Then settle yourself behind the wheel of a Buick Roadmaster, and try out Dynaflo Drive.

Here, you will find, is something vastly more than "no clutch" driving.

It's a brand-new way of transmitting the driving force from an engine to the rear wheels—without buck or bobble.

*You get Dynaflo Drive, at extra cost, on Roadmasters only.

You have a drive that gets completely away from gears which have to shift.

You have a drive that takes you from a standing start—through every speed range—with a steady, willing swoop of power.

You have in Dynaflo a built-in supercharging assembly that combines the smoothness of oil with an instant response to acceleration.

You have, in other words, eager starts, easy-striding climbs, an unfettered pace on the straightaway—controlled by the gentle nudge of your toe on the gas treadle.

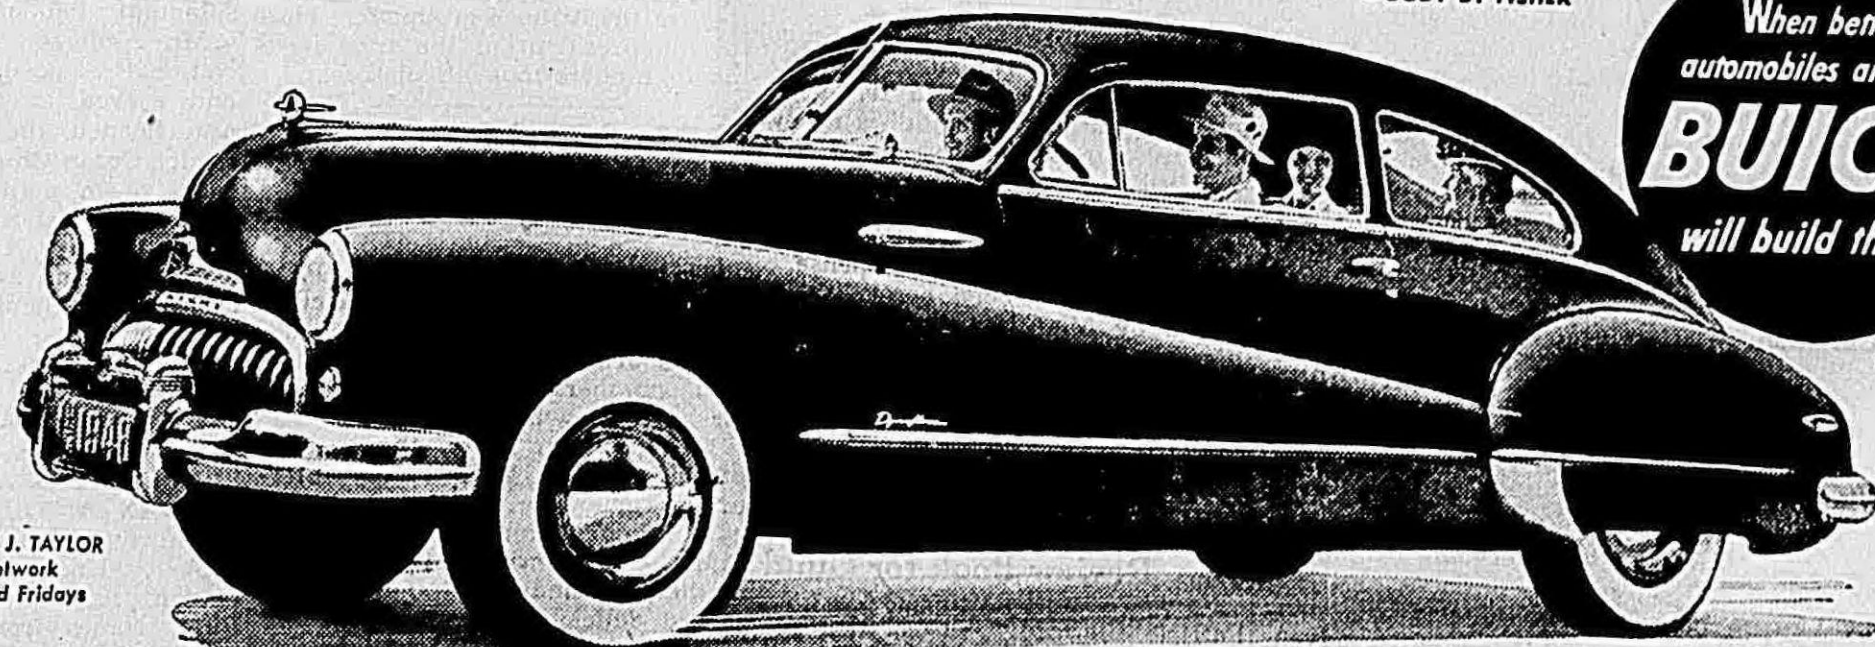

Except for parking or backing, there's nothing to do but steer the car, in a whole day's drive.

In ten wonderful minutes, you can check all these facts for yourself.

Storing Insect Powders
Insect powders, if kept in the house, should be stored in a dry place. Some types lose that killing power if they are kept too long. Powders which contain sodium fluoride should be marked "poison" and kept away from children and pets.

Kitchen Knives
When buying kitchen knives it pays to get those with good quality steel in the blades. Also, it pays to examine the way the blade is set in the handle. This helps determine how much force it is safe to exert on the handle in cutting.

Measure Magnetic Field
Stratosphere flights of the navy's new liquid fueled rocket Aerobee are being made to obtain the first measurements of the earth's magnetic field. Reaching an altitude of 78 miles in the ionosphere, the rocket carries 150 pounds of instruments in its nose to record scientific data. Flights are conducted at White Sands proving ground, Las Cruces, N. Mex.

Storing Flammable Liquids
One of the principal causes of home and farm fires is the careless practice of storing flammable liquids in open containers. To eliminate this fire hazard, all ignitable liquids should be kept in galvanized steel gas or oil cans.

Washington Monument
Washington monument, in the nation's capital, was finished December 6, 1884. The shaft towers 555 feet above the tide-water of the Potomac river, and there is room enough inside the monument to house an army of 12,000 men.

Buffalo Bill, Educator
Col. William F. Cody, more widely known as "Buffalo Bill," was a man of diverse talents but few people realize he also attained prominence as an educator. Buffalo Bill achieved universal fame as an Indian fighter, a hunter and a wild west showman. From the archives of University of Wyoming comes the information he was also, at one time, a college president.

Virginia's Non-Skid Roads
Skid tests of 32 pavement types on Virginia roads showed 27 had satisfactory resistance qualities when wet, and all were satisfactory when dry.

Fully Dented Corn
Fully dented, mature corn may have up to 35 per cent moisture. Corn in the soft dough stage contains about 50 per cent moisture.

Green Grazing
It has been found that green grazing in winter puts vitamin A in milk. This vitamin is absent if cows do not have green grazing.

Products of the Whale
New factory whaling ships which roam Antarctic waters now have refrigerator compartments to freeze the catch and preserve the flavor of whale meat. The secret of cooking the meat, whether it's "whaleburgers," stew or steak, is to add onions and peppers. Food isn't the only result in a good catch of whale. Whale oil is used in soaps and in making glycerine, for munitions, and in processing leather. The oil is used also in preparing face creams and ointments. The rarest and most valuable of whale products is ambergris, used in fine perfumes.

Sources of Meat
Livestock is produced on 5,000,000 farms and ranches. Meat is handled by more than 4,000 commercial slaughterers and more than 300,000 retailers. Major areas of livestock production are centered in the West and Middle West.

Washington's Traffic Problem
A survey discloses that half of the motor vehicles in the congested downtown area of Washington, D. C., are taxis, three-fourths of which are empty.

A card party for members and their friends will be held at the home of Mrs. Lillian Ackerman Thursday, Oct. 28.

GRASS LAKE SCHOOL HOLDS OPEN HOUSE

A large number of educators and residents of the community attended the open house of the new Grass Lake school Wednesday evening. The occasion took the place of a dedication which circumstances prevented.

Charles Kempf, president of the board of education assisted by Walter Forbrich and Arthur A. on, were in the receiving line and in turn introduced W. C. Petty, Lake County superintendent of schools. Mrs. Robyn Golden, school principal, assisted by the teachers, Mrs. Crete Greenlee and Mrs. Doris Mason Palaske, conducted the guests through the building.

Wives of the board members, assisted by Mrs. Irene Lehman and Mrs. Katherine Halverson served refreshments.

Mr. and Mrs. Joseph Rhymer recently visited their daughter and husband, Mr. and Mrs. C. W. Wiskoff at Urbana.

Mr. and Mrs. Harold Johnson and Mrs. Austin Colvin of Rockford were recent visitors at the home of Mrs. Mollie Somerville.

Card of Thanks

We want you to know that your kindness at this time is more deeply appreciated than any word of thanks can express.

Bill, Beverly and Dorothy Adsit, Sisters and Brothers of Rose Thornton

Card of Thanks

We wish to express our appreciation and thanks for all the kindnesses extended to us during our recent bereavement.

Mrs. Mary Maplethorpe, Tod and Mary Jean, Mr. and Mrs. James E. Maplethorpe, Mrs. Patricia Maplethorpe, Arthur III and Carol.

METHODISTS TO OBSERVE WOMEN'S SUNDAY

"Women's Day" will be observed at the Methodist church Sunday morning as the second of the "See You in Church Sunday" programs. Women of the church will participate in the morning worship service which begins at 11 o'clock. They are: Mrs. W. C. Petty, Mrs. Elmer Baethke, Mrs. Bernard Guillaume, Mrs. George Good and Mrs. R. Cain. The robed choir under the direction of Charles B. Watson will sing. The Rev. Richard Tuttle will speak on the theme, "The Christian Influence." A nursery is maintained each Sunday morning for parents wishing to attend the worship service.

The Harvest Festival of the church proved to be successful with the front of the sanctuary well-filled with goods and produce for the Lake Bluff orphanage. The annual event brought participation both by adults and Church School youngsters.

James Babor is recuperating after his third operation at the Passavant hospital, Chicago. Mr. Babor for many years was a resident of Antioch.

Bristol Couple Observe 50th Wedding Anniversary

Mr. and Mrs. August Lubkeman of George Lake, Bristol, celebrated their golden wedding anniversary Sunday at Trevor Community hall. Their daughter, Mrs. Howard Grau of Evanston, was present with her husband and daughter, Cynthia. About 150 guests from Chicago, Camp Lake, Trevor, Bristol, Lake George, Hartland, Milwaukee, Evanston and Silver Lake attended. Gold and white mums decorated the halls and the tables. The Rev. Charles Found and the Rev. Eugene Hinderer pastor and former pastor, respectively, of Zion Lutheran church of Bristol, conducted devotions. Leland Hanneman, Milwaukee, nephew of the Lubkemens, was toastmaster, introducing a niece, Mrs. Martha Ebers, vocal soloist; Cynthia Grau, pianist; Rudy Moresco, who dressed in Bavarian costume, played German tunes on the piano accordion; and Fred Hanneman, another nephew of the Lubkemens, reminisced about the early days of his aunt and uncle.

Mrs. Lubkeman was the former Miss Amanda Kunkel of Silver Lake, and her husband came from Chicago. Before coming to Bristol 20 years ago they had lived at Shennington, Wis., Chicago, Camp Lake and in Kenosha.

WE DELIVER

C. K. Anderson Dies...

(continued from page 1)
Uptown Boys club of Chicago, and last year headed a campaign to raise \$75,000 for the club.

Gave Scout House
His interest was manifested in Antioch through his gift of the Scout House which on Sept. 19 was dedicated in memory of his wife Lella J. Anderson, who died three years ago.

Although he had appeared on the streets of Antioch a number of times since, Mr. Anderson's last appearance before a large local group was on that Sunday afternoon when the \$30,000 building was presented to the community.

His offer of a substantial sum of money during a meeting of the Lions club and Boy Scouts at the Methodist church Oct. 13, 1947, was the incentive that led scout leaders to induce the community to aid in the construction of the fine building now so greatly appreciated by the boys and girls and the women's organizations.

"C. K." turned the first spadeful of dirt for the building on May 17, of this year and on Sept. 19 he accepted the presidency of the Lella J. Anderson Foundation which was incorporated to supervise the building.

During the dedication service Mr. Anderson spoke briefly thanking the townspeople for their aid and contribution to the building and expressing the hope that the young people would benefit from it.

Founded People's Church
Chief speaker at the dedication was Dr. Preston Bradley, pastor of the People's church, Chicago, which Mr. Anderson founded and for which he served as trustee. In this role he was responsible for the rebuilding of the church several years ago.

He was a member of the Masonic lodge in Chicago and the Antioch Lions club. He was an ardent golf player and despite his advanced years traversed the Chain O' Lakes course with greater ease than younger men and played an excellent game.

Mr. Anderson maintained a winter home at Melbourne, Fla., and on the occasion of his eightieth birthday gave a big birthday party which was attended by friends from all parts of the United States.

The death of Mrs. Anderson on Dec. 23, 1944, caused Mr. Anderson much grief. Through the Scout House he hoped to leave a living memorial.

Surviving are two daughters, Mrs. LaVivian Wagner, New York city;

Mrs. Lorraine Schroeder of Evanston; and eight grandchildren. A brother, Frank, of Frostproof, Fla., and a sister, Mrs. Anna Newman living in Iowa, also mourn his death.

The funeral services will be held at 2 p. m. Friday in the People's Church of Chicago, 941 W. Lawrence ave., Chicago, and burial will be in Rosehill cemetery in Chicago.

Mr. Anderson's body will lie in the Lela funeral home 5501 N. Ashland st. until the time of the funeral.

The members of the family requested that friends please omit sending flowers. Remembrances, however, may be sent to the Antioch Boy Scout and Girl Scout organizations, they said.

NATIONAL BANK TO CLOSE FRIDAY NOON

The First National Bank of Antioch will be closed Friday at 12 noon in order to give employees of the bank an opportunity to attend the funeral of C. K. Anderson, president, who died Tuesday, Oct. 19.

Squad Aids Truck Drivers

The Antioch Rescue squad gave first aid to two gasoline truck drivers whose trucks collided on Skokie highway north of 13 at 5 a. m. Tuesday. One of the men had a bad cut on his head and the other had injuries the extent of which were not known as he was taken to Milwaukee. Capt. Herman Holbek said that it was lucky that the two trucks of inflammable contents did not burn.

Friendly Hippo
The hippopotamus is not a hostile animal. He will make no aggressive move, and if he moves at all it will be to submerge. The hippo feeds chiefly on aquatic plants, but also seeks food on the land and is sometimes destructive to cultivated crops. It ranks next to the elephant as the bulkiest existing quadruped. Its land counterpart, the rhinoceros, is belligerent and dangerous.

Telling Sex of Fish

The sexes of fish are best distinguished externally by the elongated snout of the males, by the "razor back" and generally slimmer appearance of the males and by the generally cumbersome, roundish appearance of the females. These characters become marked only as the fish approach sexual maturity.

WHAT'S your favorite Illinois landmark in the "OUR LANDMARKS" collection? A 150-word essay about it may win you one of the many fine prizes offered by the Public Service Company in the "OUR LANDMARKS" Essay Contest. We're sponsoring this essay contest to encourage interest in the fascinating historical lore of our own Northern Illinois.

One landmark in this collection on exhibition, (only until October 31, at the Chicago Historical Society) will seem particularly interesting and significant to you. Write about it, in 150 words or less, and you'll have a chance to win one of the 15 newest model Zenith FM-AM Table Radios, or one of 15 Philco Transitone Battery-AC-DC Portable Radios, or one of 120 \$25.00 Security Bonds.

Read the easy-to-follow instructions below, and get your essay in the mail before midnight, November 10, 1948. Remember, you'll be competing with boys and girls in your own age group, so everyone has an equal chance to win.

Rules

1. After seeing the fifty water color "OUR LANDMARKS" on display throughout October, 1948, at the Chicago Historical Society (Hours, 9:30 to 4:30 on weekdays, including Saturdays, 12:30 to 3:30 on Sundays. Admission is always free to school children) in Lincoln Park, corner of North and Clark, Chicago, write 150 words or less on your favorite landmark, giving reasons why it is important to you. Your essay must be written on the official entry blank obtainable only at the Information Desk, Chicago Historical Society.

2. Mail your essay to: Board of Judges, "OUR LANDMARKS" Essay Contest, 6 North Michigan Avenue, Chicago 2, Illinois.

All entries must be postmarked on or before midnight, November 10, 1948, and received by November 17, 1948.

3. Essays will be grouped into five classes for judging:

Group I 4th Grade and below

Group II 5th & 6th Grades

Group III 7th & 8th Grades

Group IV 1st & 2nd years High School

Group V 3rd & 4th years High School

Identical prizes will be awarded in each group. 150 prizes in all. First prize: Newest Zenith FM-AM table radio; Second prize: Philco Transitone Battery-AC-DC portable radio; Third through Tenth prize: \$25.00 Security Bond each.

4. Essays will be judged on originality, neatness, and accuracy of thought. Decisions of the judges are final. Duplicate prizes in case of ties. All essays, comments and ideas contained therein become the property of Public Service Company of Northern Illinois and none will be returned.

5. Contest is open to grade and high school students (except in families of this Company's employees) attending school and residing in the territory served by the Public Service Company of Northern Illinois.

6. Winners will be notified by mail shortly after the close of the contest. Complete list of prize winners' names will be posted in all Public Service stores and the Service Bulletin.

REMEMBER—your essay must be written on the official entry blank obtainable only at the Information Desk, Chicago Historical Society.

**It's EASY to Enter
— Nothing to Buy!**

Here's what you do to enter the "OUR LANDMARKS" Essay Contest

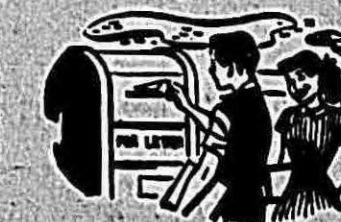

Visit the exhibit of 50 water color paintings of "OUR LANDMARKS" at the Chicago Historical Society in Lincoln Park.

Obtain your official entry blank for the "OUR LANDMARKS" Essay Contest from the Information Desk of the Historical Society.

Write an essay of 150 words or less on your favorite landmark. Tell why you like it and why you think it important.

Who Ran Japan?

Until the war ended a half dozen Japanese families, together with the leading banking interests of the country, controlled 57 per cent of Japan's coal production, 88 per cent of steam engine production, 55 per cent of pulp production, 69 per cent of aluminum output and 51 per cent of airplane manufactures.

Skiing in Arizona

Arizona has a new skiing area on Mount Lemmon which is reputed to be the southernmost ski-land in the nation. An hour and a half's drive from Tucson over a new \$1,000,000 highway takes you to it. The area is under supervision of the U. S. forest service, and provides trails for both novice and expert. More than 330 acres of ski slopes have been cleared, and a 750-foot rope tow has been erected.

Most Swiss dress, speak and act like the average Chicagoan or San Franciscan. But the secret of Swiss independence is that in Switzerland a man may dress as he chooses—in the 20th century manner, or like his forbears did for hundreds of years before him. Many prefer to wear their ancient costumes, smoke their trick pipes and preserve their time-honored customs.

1 1/2 Billion Dollar Road Block!

RAILROADS MUST OPERATE around the clock every day and night of the year.

Although they know this, leaders of 16 railroad unions are demanding a five-day, Monday through Friday, week for one million railroad employees.

They want 48 hours pay for 40 hours work—in itself a 20% wage increase.

They also demand a minimum of 12 hours pay for any work performed on Saturdays, and 16 hours pay for any work performed on Sundays and holidays.

On top of all this they want an additional increase of 25c an hour for every employee!

You'd Pay the Bill!

Summing up these demands, they mean that these union leaders seek to force the railroads to give one million employees an annual raise which would average \$1500 per employee!

The total cost of this would be no less than 1 1/2 billion dollars per year, which is more than twice the expected net income of the railroads this year.

You'd pay the bill, because if these increased costs are forced on the railroads,

they must have still further rate and fare increases.

Demands Unreasonable

These employees have had substantial raises during and since the war. Their average weekly earnings are higher than the average weekly earnings of workers in manufacturing industries. They have more job security than the average worker in American industry. They also enjoy paid vacations, a retirement system and other advantages more generous than the average worker receives.

In contrast with the demands of these 16 unions, which add up to the equivalent of 48c an hour, the Conductors and Trainmen recently settled their wage request for an increase of 10c an hour.

Railroads Run for Everybody—Not Employees Alone

The railroad industry must serve not one but many groups—producers, businessmen, shippers, passengers and the general public—night and day, every day of the year. These unions are proceeding in utter disregard of this important difference between railroads and other industries. Industrial plants can be shut down over weekends and holidays, but freight, mail, express and passengers must continue to move. Everybody who enters railroad employment knows this.

Strike Threat

On September 18, 1948, the leaders of these 16 unions began taking a strike vote. But the threat of a strike will not alter the opposition of the railroads to such unreasonable demands!

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

GOVERNOR GREEN'S ACCOMPLISHMENTS

Citizens of Illinois are manifestly proud of what Governor Dwight H. Green's administration has done for Farmers, Workers, Businessmen, for Veterans, the Aged, Dependent Children, the Blind and in other constructive programs that affect the entire population. Every citizen in every County has benefited. Below are specific benefits of Governor Green's administration

FOR LAKE COUNTY:

SCHOOLS—Lake county's share of the state school fund was \$545,668.48 for 1947-48. Under Governor Green each session of the Legislature has increased common school grants. The present appropriation is 155% greater than 1939-41, the last under the Democratic administration.

Under the present administration the University of Illinois received appropriations of \$84,594,118 for the present biennium. (The U. of I. received \$17,131,536 for the biennium of the last Democratic administration.)

VETERANS' BONUS—The first 6,871 Veterans in Lake county to get their bonus received \$2,614,620.64. When completed some 12,830 Lake county veterans will receive approximately \$4,882,198.91.

PUBLIC AID—\$4,235,075.94 expended for General Relief, Old Age, Blind, and Mothers' Pensions and Aid to Dependent Children since 1940. State contributions, including federal assistance, totaled \$3,098,681.04. Only 28.3% or \$1,136,394.90 was obtained by local tax levies for general relief in Lake county.

HIGHWAYS—\$3,024,330.11 highway construction awards have been let for Lake county since 1940. . . \$1,221,484.32 expended for highway maintenance. . . \$3,147,468.81 Motor Fuel Tax. . . \$197,631.19 for township roads (the first ever appropriated by any administration in the 1945-47 biennium. Another similar appropriation is now being allocated. . . a grand total of \$7,590,914.43 for Lake county roads.

WELFARE—Expended \$268,307 for care of 450 Lake Co. patients in Welfare Institutions during 1947 and a total of \$1,205,910.00 during Governor Green's administration.

AGRICULTURE PREMIUMS—Since 1940, the Lake county fair has received \$2,290.44 in state premium funds and \$6,122.60 for 4-H club premiums.

POST-WAR PLANNING—Post-War Planning Commission has allotted \$104,214.64 to Lake county, its cities and school districts for plan preparations of public work projects, which will cost \$9,051,171.00 when completed.

STATE PARKS—Purchased Illinois Beach, first park of its kind in state. . . Built roads and parking area, installed utility system. . . Built concession, service building and first of 10 bath houses, each to care for 7,200 bathers.

CONSERVATION—Purchased and operating Conservation Training School. . . 530 high school students, teachers, sportsmen and conservation officers have attended classes. . . Chain O' Lakes Pheasant shooting area developed, wild-life plantings made, picnic areas and boat docks constructed. Approximate cost, \$55,000.

*Senator Ray Paddock and Rep. Nick Keller have outstanding records under Governor Green's administration and have played an important part in the accomplishments listed here for Lake county. Speeds Floor Washing
To expedite washing of floors, use two galvanized steel pails instead of one. By filling one pail with soapy water and the other with rinse water, a trip back to the sink for clean water is eliminated.

Sequoit Post V.F.W. Hears Talks From Two Guest District Officers

The Sequoit Post V. F. W. was honored Monday evening, Oct. 18, by the presence of Comrades Norman Thomas and Trevor Thomas, both of Maywood, Ill., V. F. W. Post. Norman Thomas is assistant state service officer and his brother, Trevor, is commander of the 5th V. F. W. district.

In his capacity as service officer, Norman Thomas gave an interesting talk on the aid which an organization such as the V. F. W. is able to give a veteran with any problems he may encounter, from employment to housing. He also mentioned the advisability of every veteran naming some veterans' organization as "power of attorney." In Thomas' words, "over fifty per cent of the claims paid out by the Veterans Administration in Illinois have been represented by the Veterans of Foreign Wars." Veterans in this community who wish to make use of the V. F. W. special service office should contact Dr. L. J. Zimmerman, First National Bank building.

Trevor Thomas also addressed the post and gave some helpful hints on the operation of the post.

Before the meeting the members and their guests enjoyed a delicious meal served by the women of the V. F. W. Auxiliary. From reports heard, the women of the Auxiliary excel in culinary skill. Refreshments were also served following the meeting.

Safe To Apply Lime
If lime is needed, apply at any time of the year when convenient. Keep lime dry before spreading. It is best to apply when preparing the land.

If you were the President of A&P...

What would you do to make your A&P a better place to shop?

Have you ever said to yourself, "If I were the President of A&P, I know what I'd do"? I think there are many A&P customers who would like the opportunity to express themselves on the subject of their A&P. I really believe that from your side of the counter, you know A&P best. That's why I ask your opinion.

You can help to make your A&P an even better place to do all your food buying by

sending me your suggestions... criticisms... opinions. For instance, what about our service? Is it as courteous and helpful as you would like it to be? Is it prompt and efficient, too? Do you always find all items plainly and correctly price-tagged—as they should be? What in your opinion are we doing that we could do even better? Or what are we not doing that you feel we should do?

I INVITE YOU TO WRITE AND TELL ME HOW YOUR A&P MAY SERVE YOU BETTER

We of A&P want to make our stores the finest places of all in which to shop. That is why your suggestions, criticisms and opinions will be gratefully received and acknowledged. You see there are 100,000 employees of A&P from coast to coast jealously guarding the A&P reputation for courteous, honest, and efficient service. They never want to fail you in any way, but if they do, I am sure that they, as well as I, would appreciate your writing me.
